Jade Laurence Cabaruan Empleo

Software Developer / Product Builder

Founder, SyntaxSurge Software Development Services

Portfolio: syntaxsurge.com
GitHub: github.com/syntaxsurge
LinkedIn: linkedin.com/in/jade-laurence-empleo

PROFILE

Software developer and product builder focused on business websites, web applications, and practical AI experiences. Founder of Syntax Surge, with project work spanning clinic appointment workflows, customer loyalty tools, and an editable AI video studio.

TECHNICAL SKILLS & FOCUS

Languages & frameworks: TypeScript, JavaScript, React, Next.js, Tailwind CSS.

Development: Web applications, responsive interfaces, API integrations, and staff workflows.

Product focus: AI experiences, interaction design, and customer-facing tools.

SELECTED PROJECTS

MC Dental Station

mc-dental.syntaxsurge.com

A dental clinic website that brings service information, appointment requests, and approved FAQ assistance together, with a workspace for the clinic team.

Appointment requests require final clinic staff confirmation; FAQ assistance uses approved English/Filipino information.

Kaldi Circle

kaldi-rewards.syntaxsurge.com

An NFC café experience with a simple customer page, reviews, loyalty points, and a voucher wallet.

Focus: NFC, Customer loyalty, Next.js

ClipLore

cliplore.ai

An AI video studio that takes an idea from script to an editable timeline, with control over every scene, caption, and sound.

Focus: AI video, Creator tools, Timeline editor
